Report of Battle Between Forces

That a serious encounter between federal and constitutionalists occurred last Saturday close to Guaymas, is asserted in advices received by mail yesterday. The battle is said to have started at 4 o'clock in the morning, and to have ended at 2 in the afternoon.

The report, which is apparently from federal sources, says that the constitutionalists lost two of the cannon repaired at Cananea, and that 17 officers and 150 men were taken prisoners. The number of killed and wounded are not stated. The losses of the federals are also not given.

Ten dollars a day easily made by local agent. Write for full information at once. Arizona Sales Agency Phoenix, Arizona.

Sulphur Spring Valley Notes

One of the two Mexicans confined in the Courtland jail, charged with complicity in the case where J A McCormick was stabbed Sunday night, was bitten on the right shoulder Wednesday night by some poisonous insect. He was taken to the doctor the next morning and had the poisoned shoulder treated.

W. A. Brown this week received a Studebaker touring car, which will be placed on the road between Winkelman and Mammoth in charge of Clarence Brown. The car was purchased through G E Jackson.

E S and A C Blanks, living northeast from Pearce, report having in 35 acres and they have just started the planting of an additional 50 acres.

W H Seaver and sons report having gathered their onions, of which they had 1 1/2 acres and will now plant the same ground to beans.

Mrs M Reeder, while riding with Mr Reeder behind a team of bronches that were taking an early lesson in being driven, was thrown out of the vehicle and suffered a dislocated shoulder, besides having her nose injured, but whether the nose was broken or not was not determined. Her daughter, Mrs R A Chaffee went yesterday to her mother's home to assist in the home work during her mother's disability.

Charlie Tyler, who has been in the Gila valley for nearly three months, returned Monday, bringing a fine three-year old horse that he had bought for Leo Tyler.

There was a heavy rain north and east of Pearce Tuesday night, but this portion of the valley was missed by that storm, though the one of Monday was quite general, Arizona.

Jones Confirms Story of Survey

R H Jones, who is in charge of the preliminary railroad survey to Ajo from the Calumet & Arizona, said Monday that the El Paso & Southwestern has nothing to do with the project. He confirmed the story that appeared last week.

"There are difficulties in transporting supplies and water for such an expedition," said Jones. "The supplies will be secured at Tucson for most part."

To Work on Tombstone-Bisbee Road

B M Atwood, of the state engineer's office, has arrived in Bisbee to make his headquarters there while extensive work on Cochise county roads is started. He states that work will begin within two weeks on the Tombstone road from the divide, two miles from Bisbee, towards the county seat. In the meantime repair work will be carried on on the Bisbee-Douglas road. Convict labor will be employed.

Government Official Visits Courtland

Douglas B Starrett of Washington D C who is specially employed by the government to inspect and report on precious stones found in the United States, was in Courtland this week. His mission in Courtland was to inspect and report on the turquoise mine, for which that district gains its name. Mr Starrett states that the turquoise of this mine is the best in quality found within the United States and the amount of work that has been done on this property was quite a surprise to him.

Lightning Destroys Arizona Laundry

A stroke of lightning during the storm of Saturday night temporarily disabled the plant of the Miami Steam Laundry at Lower Miami. Patrons of the laundry, however, will suffer no inconvenience as arrangements have been made to have the laundry work done in Globe while the necessary repairs are being made.

Report of Arizona Industrial School

That the net expenses of the industrial school for the fiscal year ending June 30, 1913, was \$36,001.42 is shown by the annual report of the institution submitted by superintendent A L Harper to the state board of control. The average number of inmates was 109 and the net daily per capita cost was \$15.

The total cared for since July 1, 1912, was 145 boys and 23 girls. Twenty-one boys and three girls were paroled.

During the year nine boys escaped. Of the total number of inmates there are more Mexicans, being a total of 73 boys and 11 girls. There are 52 American boys and 10 girls, 1 Chilean boy, 3 Indian boys, 4 negro boys, 2 Spanish boys, 6 American-Mexican boys, 1 Scotch boy, 1 French boy, 1 Swiss-American boy, and 1 Russian boy.

The commitments from the various counties follow:

	Boys	Girls
Cochise	19	1
Coconino	2	1
Greenlee	3	1
Gila	4	0
Graham	4	0
Maricopa	21	6
Pima	9	2
Pinal	1	0
Yavapai	1	1
Yuma	1	1
Navajo	3	0
Santa Cruz	2	0

Six boys and one girl are Baptists, three boys and girl Christians, 88 boys and 19 girls Catholics, 2 boys Episcopalians, 13 boys and 1 girl Methodists, 9 boys and 2 girls Mormons and 8 boys Presbyterians. One boy is a Seventh Day Adventist, one girl belongs to the Salvation Army and 15 boys have no religion.

Cochise Electrician Killed By Live Wire

C H Brabbin, 26 years old, was instantly killed early yesterday afternoon at Douglas when, in tapping a parallel circuit at the C & A smelter, he grasped two live wires, believing one to be dead, and thus completed the circuit. Before he was aware of the fact 440 volts of electricity passed through his body. Brabbin was working on a twenty-foot pole, to which he was fastened by his safety belt at the time.

Widow Receives Valuable Property

Mrs Cynthia Murphy is now in legal possession of a tract of eighty two acres of desirable farming land in Lower Verde valley, receiving the sheriff's deed to it Wednesday.

Associated with this transaction is a suit for \$5000 damages instituted last year by the women for the murder of her husband, Lee Murphy, by A P Rhode, the latter being found guilty and sentenced to serve fifteen years in the state penitentiary.

Mr Murphy was shot down on the ranch of Rhode over two years ago, and so wanton was the crime, that the civil action followed and the widow received judgment, which has been satisfied by her acquiring the property that Rhode owned, and which was being jointly cultivated by the two men who were brothers-in-law.

With the land is a valuable water-right of a three-sixteenths interest in the Diamond S irrigating ditch. Rhode is still confined in the penitentiary, and although he is reputed to have wealthy relatives residing in New Mexico, no effort whatever was made by them to disturb Mrs Murphy in securing legal possession of the land that led to the killing of her husband.

Two Autoists Lost on Arizona Desert

Two great grandsons of General U S Grant, in attempting to cross the desert east of San Diego in an automobile, became lost, the machine broke down and they were two days without water. Finally they reached an Indian cabin and by signs made the native understood their trouble and they were taken to the nearest town.

From Tuesday's Daily

Globe will have a motor hearse. Thus does life try to catch up with speedy death. It will be owned by F L Jones and son, undertakers. They gave the order to Chas G. Miller of Tucson, this week.

Ed Hicks was a visitor in the city today from Bisbee, on a brief visit with his parents.

J N Christianson returned to his ranch in the San Pedro valley after a visit of a few days in the city.

Thomas Fulghum of Wilcox is a visitor to the county seat today from that thriving farming center.

Henry Neale, father of the late George H Neale, left today for his mines in the Dragoons on a visit of inspection.

Saturday evening Mrs Ed Summerfield entertained a large number of friends to a dancing party at her home on South Street. All report a pleasant time.

Miss Clara Barton is visiting in Tombstone, from her home in Los Angeles, the guest of her sister, Miss Mary Barton, county stenographer.

Wm Furr, pioneer rancher of the Dragons, arrived in the city yesterday, and left for his home this afternoon.

W P Thompson, proprietor of the Billiard Parlors, left last evening for El Paso on a brief business visit.

Col Thomas Sorin arrived in the city this morning from his ranch in the Dragons on a business mission.

Mrs A F Parker, wife of Mayor Parker of Pearce, is in the city on a visit with Mrs H S Ross.

Judge Lockwood left this afternoon for Douglas on a business visit. His family is expected to arrive within the next few days.

Wm Neel, the well known cattleman, arrived in the city today from the Four Bar ranch, coming via auto. Mr Neel reports the rainfall as rather light in that immediate vicinity.

Special Election In Sonora

A Cananea dispatch says:

The call for a special election to be held on Sunday, August 10th, has been issued by Gov L L Pequeira. On that date the following officers will be elected: Three deputies and three substitutes for the district of Alamo; two deputies and two substitutes for the districts of Arizona, Hermosillo and Guaymas; one deputy and one substitute for the districts of Magdalena, Moctezuma, Altar, Sahuarita and Ures; first, second and third minor proprietors and one minor fiscal for the supreme court. No governor will be elected as Maytorena has not resigned.

Refunds are Sent to Land Leasers

Refunds of rentals collected by the state land commission upon school lands for which permits, expiring March 15, 1913, have been granted, were sent out by the land commission. The checks were sent to the treasurers of the various counties.

The amounts refunded to the counties follow: Apache, \$246.23; Cochise, \$1,377.78; Coconino, \$99.77; Graham, \$1,951.63; Greenlee, \$40.05; Maricopa, \$6,051.51; Navajo, \$221.89; Pima, \$125.91; Pinal, \$87.67; Santa Cruz, \$54.17; Yavapai, \$402.04; Yuma, \$707.77, making a total of \$11,305.52. Of the 1100 leases in the state nearly 300 have not made application for a renewal so far.

How Troublesome it is to be Great

Colonel Roosevelt is at the Grand Canyon and it has been hinted that he is on a hunting trip. Because of that report, the Los Angeles Examiner inquires to know if he has a hunting license and if even an ex-president can hunt in a national game preserve, where hunting is prohibited. Now it would be great sport to have an ex-president of the United States "pinched" just like an ordinary mortal because the game warden couldn't find a permit on his person.

From Wednesday's Daily

Deputy Sheriffs A W Howe and Wm Graham left for Florence today having in custody Luther Price, sentenced for life for the murder of Tol Wilson at West Wells; Julio Galvaz, who will serve 10 years for forgery; and Luis Niebla, for stabbing James McCormick at Courtland, and was sentenced to from 1 to 10 years.

There is joy in the camp today. Not that a want is alleviated but because of the excellence of a carload of "spuds" shipped to Kuehenbecker's store from Fairbank, nine miles from Tombstone. The Arizona product excels that of any other section; are mealy, succulent and devoid of "eyes." Many of the potatoes weigh over one pound and are in great demand.

J A Anderson, service inspector for the Mountain States Telephone and Telegraph company is in Tombstone today on a visit of inspection. Manager Harry Evans of the local office conducted Mr Anderson along the main and branch line in his Ford auto.

Mrs R L Vallance is reported ill at her home with legrippe, and her many friends hope for her early recovery.

R C Johnson, dealer for the E. P. & S. W. is a visitor to Tombstone today, and incidentally adjusted the local depot scales.

Paul Smith and Chas Batchelder returned to Tombstone last evening from Faywood Springs, New Mexico where they spent a couple of weeks at the springs.

Mr and Mrs Lindaman arrived in the city today and will reside in the residence next to Dr Hughart. Mr Lindaman will relieve Firman Ram on the local branch.

Ed Hicks returned to Bisbee on this evening's train, after a short visit with his parents in the county seat.

The concrete foundation of the big smoke stack at Clarkdale has been commenced. The stack will be of brick, and it will be 350 feet in height, this great height being necessary to carry off the fumes from the smelter. Over three hundred men are now employed at Clarkdale, upon the several buildings which are being constructed. —Prescott Courier.

County Engineer J S McNeish, reports good progress on the road that is being built up the valley between Forrest ranch and Courtland. The camp has been moved down to within two or three miles of Forrest ranch and work is progressing in both directions. It is probable, he states, that work will be completed within thirty days.

Interesting Ball Game Between Local Teams

An exciting ball game was had at Shuster's park yesterday afternoon between the Tombstone Stars and a picked team of local men, which, after a hard struggle for nine innings, resulted in victory for the latter nine, by a score of 12 to 9.

The event was a practice game for the Star team, which will journey to Pearce Sunday for a game with the Pearce boys. The local boys played an excellent game, and an easy victory over the Pearce nine is anticipated.

The features of yesterday's game were the home-runs of Wm McPherson and A Pistonetti. Wheeler and Lombardi both did good work on the slab. The line-up is as follows:—

Carpenter, catcher... McPherson
Lombardi, pitcher... H Wheeler
F Pistonetti, 1st b... P Bowden
A Wheeler, 2nd b... Kuehenbecker
Durazo, 3rd b... G Gibson
A Pistonetti, s... McSparron
Sanders, 1 f... E Noyes
Cavanaugh, c f... H Smith
J Holland, r f... A Howe
Umpire, C Cavanaugh.

Masons to Meet at Grand Canyon

The Grand Canyon of Arizona will become a Masonic temple on September 8 and 9. On those days the Arizona lodge No 2 F and A M of Phoenix will use the canyon for conferring Masonic degrees on candidates in this jurisdiction.

From Monday's Daily

William Hicks returned last evening from Bisbee on a visit with friends. Cattle Inspector Porter McDonald was an outgoing passenger yesterday for Naco.

Undersheriff Guy Welch spent Sunday in Hereford with friends, returning late evening.

Ralph Johnson, son of Sam Johnson of this city, left last night for Douglas on a several days' visit.

The Misses Sophie Durazo and Lola Abril left last evening for Bisbee on an extended visit with friends.

Mrs George Davey returned today from El Paso after a week's visit in that city.

"Burch" Hartman and John Pearce are in the city from Bisbee, and are busy shaking hands with their many friends in this neck of the woods.

J N Christianson, the popular St David rancher, is in the city today.

Assistant County School Superintendent H H Hutchins went to Benson to meet his father who is coming from Missisippi on a visit of several weeks.

Assessor E A Hughes, Supervisor John Rock and Clerk A C Karger left yesterday morning for Phoenix to attend the convention of assessors and supervisors to meet today.

New Sonora Stamp No Good in U. S.

The first stamp of the Sonora State constitutionalists to be seen here has made its appearance. The stamp is no good in this country since no postal union has been recognized between Sonora as a country and the United States. The letter bearing the stamp was marked "postage due."

Estimate of County Expense

Clerk A C Karger of the Cochise county Board of Supervisors has prepared a budget on the estimate of expense for county purposes, which appears on page two of this issue, and will make interesting reading to the taxpayers and all those interested.

The estimate is based on the expenditure of last year and will be submitted to the board at its next meeting.

The amounts proposed to be expended from each separate fund, of which the school fund is the largest item of expense, amounts to \$393,427.95, as follows:

Salary fund	\$123,759 86
General fund	9 2,250 66
School fund	127,417 43
Road fund	50,000 00

From the amount to be expended will be deducted an estimate of receipts amounting to \$67,931.86, which will leave a balance of \$325,496.09.

"Peace Within Sixty Days"

Meditation by the United States in Mexico is relayed by former Governor Jose Maria Maytorena and Governor I Pasquiera. In an interview Friday night, Maytorena, speaking for himself and Pasquiera, with whom he is in daily communication, declared that the constitutionalists will not be a party to any negotiations to which Gen Huerta is a party, as justice cannot be secured by dealing with him, only by defeating him on the field of battle.

"We will guarantee peace throughout Mexico in 60 days if the United States will permit the importation of ammunition and arms by the constitutionalists as it has by Huerta," said Maytorena.

"We can put 20,000 men in the field at once and we can raise 100,000 in the republic at once, although poorly equipped."

"The Mayo Indians are fighting in Sinaloa with bows
